Hewlett Packard SW100

EAN/UPC:B0H6WMZBSY

HDR High Dynamic Range | WiFi Integriert | Pocket | Media Player | LED | Bluetooth | USB

Brief Introduction Beta 2.5	The Hewlett Packard SW100 Portable Gaming LED LCD Projector has 150 ANSI lumens and an HDTV resolution of 1280 x 720. Thanks to its LED technology, the projector has a rated lamp life of 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. The built-in media player allows files to be played directly. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. The projector can effectively illuminate a screen width of 124 cm. However, if there is ambient light in the room, the screen width should ideally not exceed 83 cm. Since the projector supports AirPlay and Miracast screen mirroring, it?s possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful feature for the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
