Lucem LP-05

Media Player LED USB

Brief Introduction Beta 2.5	A brief introduction to the Lucem LP-05. The standard portable DLP LED projector has a WVGA 800 x 480 resolution and a contrast of 1500:1. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years with a daily viewing time of 4 hours. The integrated media player allows files to be played directly. 1500 Ansi lumens ensure that a picture width of 393 cm is also possible. However, if room light is available, the picture should be a maximum of 262 cm wide. Even 1080P video signals are no problem for the projector. The model built in 2015 is no longer offered by Lucem.
