Lucem LP-11

Brief Introduction Beta 2.5	With the LP-11, manufacturer Lucem offers a standard portable LCD LED projector with WXGA 1280 x 800 resolution and a contrast of 2500:1. The service life of the LEDs is 50,000 hours, which is over 34.2 years with a daily viewing time of 4 hours. As Lucem specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 147 cm is possible, as the projector has 210 Ansi lumens. However, if room light is available, the picture should be max. 98 cm wide. Even 1080P video signals are no problem for the projector. The projector is very quiet compared to others with 28 decibels of operating noise. This model is no longer offered by Lucem.
