OTouch S5

OTOUCH S5

Brief Introduction Beta 2.5	The OTouch S5 LED LCD projector has 1560 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV 1920 x 1080 resolution. The LEDs give it a lifespan of 30,000 hours, which, at 4 hours of viewing per day, works out at over 20.5 years. Built-in horizontal and vertical keystone correction gives you freedom when setting up the projector. Since OTouch indicates the brightness of the projector in lumens, we have calculated an approx. Ansi lumen value in this case. The projector can illuminate a screen up to 401 cm wide well with its 1560 Ansi lumens. However, in a well-lit room, the image width should ideally be less than 267 cm. The model recognises Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
Display Type	1 x LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	1560 / 26000 Lumen
Contrast	20000:1 full on/off
Black Level	0,0780 min. Lumen
Offset	-
