Features

A brief introduction to the Chinavasion CVAZ E75. The LCD projector has an SVGA 800 x 600 resolution and a contrast of 1000:1. The manufacturer Chinavasion specifies a lamp life of 6000 hours, which converts to over 8.2 years at 2 hours per day. As Chinavasion specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. The projector can illuminate a picture width of up to 95 cm well with 120 Ansi lumens. In room lighting, however, the picture width should ideally be less than 63 cm. It is no longer offered by the manufacturer Chinavasion.
