

Epson EB 1960

EPSON EB 1960

A brief introduction to the EB 1960: The Epson standard portable LCD projector offers 5000 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. The integrated media player allows files to be played directly. The horizontal and vertical keystone correction allows the projector to be positioned very freely. Thanks to the brightness of 5000 Ansi lumens, a picture width of 616 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 411 cm). Even 1080P video signals are no problem for the projector. The model was built by Epson in 2012 and is no longer current.

3 x 0,63" LCD TFT Panel mit MLA
