

Acer ApexVision L811

ACER APEXVISION L811

With the ApexVision L811, manufacturer Acer offers a short-throw DLP laser projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 2000000:1. Thanks to the laser, the service life is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated media player can play files directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. Thanks to the short throw projection ratio of just 0.25:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 50 cm away from the screen. The projector has Miracast screen mirroring support, which makes it possible to play videos in high resolution and surround sound directly from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, meaning that all currently available Blu-ray formats can be recognized by the projector. The projector is very quiet compared to other projectors with an operating noise of 25 decibels.

1 x 0,47" DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector

3000 / 2400 im Eco Mode
2000000:1 full on/off
