

Acer C205

ACER C205

The C205 LED DLP has 150 Ansi lumens, a contrast of 1000:1 and a WVGA 854 x 480 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. An image width of up to 124 cm is possible as the projector has 150 Ansi lumens. However, if room light is available, the picture should be max. 83 cm wide. Thanks to the built-in 4200mAh Li-ion battery, no power supply is required, allowing the projector to be set up quickly and flexibly. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P compatible. At just 29 decibels, the device is one of the quieter projectors. On the market since 2014, the model is no longer offered by the manufacturer Acer.
