

Acer K650i

ACER K650i

A brief introduction to the K650i: The Acer standard portable 3D LED BrilliantColor DLP projector offers 1400 Ansi lumens, a contrast of 100000:1 and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the picture. Thanks to the brightness of 1400 Ansi lumens, a picture width of 380 cm is possible. In room light, the picture should be max. 253 cm wide. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P and 3D compatible. At 29 decibels, the projector is very quiet compared to other projectors. The model built in 2016 is no longer offered by Acer.

Brief Introduction Beta 2.5

Display Type

1 x 0,47" DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

1400 / 1120 im Eco Mode 604 Lux (bei 203 cm Screen)

Contrast
