

Acer Nitro G550

ACER NITRO G550

A brief introduction to the Nitro G550: The Acer standard portable 3D BrilliantColor DLP projector offers 2200 Ansi lumens, a contrast of 10000:1 and HDTV 1920 x 1080 resolution. The manufacturer specifies a lamp life of 12000 hours, which is over 16.4 years with a daily viewing time of 2 hours. 2200 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the picture should be max. 318 cm wide. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. The model is also Full HD 1080P and 3D compatible. On the market since 2019, the model is no longer offered by the manufacturer Acer.
