

Acer P1165

ACER P1165

The Acer model P1165 is a DLP projector with SVGA 800 x 600 resolution and a contrast of 2000:1. The projector can illuminate a picture width of up to 427 cm thanks to its 2400 Ansi lumens. In room light, however, the picture width should ideally be less than 285 cm. 1080P playback is also no problem for the projector. The operating noise of just 28 decibels makes the projection quiet. It was launched in 2007 and is no longer offered by the manufacturer Acer, but is still a popular projector in our database.

Brief Introduction

Beta 2.5

Display Type

1 x DLP Chip
SVGA 4/3 Ti Digital Light Processing Chip
