

Acer PD726/W

ACER PD726/W

Brief Introduction

Beta 2.5

The Acer PD726/W BrilliantColor DLP projector has 3700 Ansi lumens, a contrast of 2500:1 and an XGA 1024 x 768 resolution. An image width of up to 530 cm is possible, if the image width is smaller (we recommend max. 353 cm), rooms with residual light are also no problem. The operating noise of just 30 decibels makes the projection quiet. The projector was launched in 2006 and is no longer sold by the manufacturer.
