

Acer PH730

ACER PH730

Brief Introduction

Beta 2.5

A brief introduction to the PH730: The Acer DLP projector offers 1200 Ansi lumens, a contrast of 2500:1 and a WXGA 1280 x 768 resolution. An image width of up to 352 cm is possible as the projector has 1200 Ansi lumens. However, if room light is available, the image should be a maximum of 235 cm wide. The operating noise of only 28 decibels makes the projection quiet. The model built in 2006 is no longer offered by Acer.

Display Type

1 x 0,65" DLP Chip
