The ADPP 105 LED LCOS projector from Adapt has 20 Ansi lumens, a contrast of 100:1 and a VGA 640 x 480 resolution. Thanks to the LEDs, the projector has a light life of up to 10,000 hours, which equates to over 6.8 years at 4 hours of use. Thanks to the built-in rechargeable battery, the projector does not require a power supply for 1 hour, allowing it to be set up spontaneously and easily anywhere. On the market since 2010, the model is no longer offered by the manufacturer Adapt.

Lcos Panel

VGA 4/3 Liquid Crystal on Silicon (LCOS)

Projector

10
