ALLIWAVA PR550

The ALLIWAVA PR550 Game-Portable LED LCD projector has 400 Ansi-Lumen, a contrast of 2000:1 and a HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is equivalent to over 20.5 years at 4 hours of use. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. As ALLIWAVA specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector can illuminate a picture width of up to 203 cm well thanks to the 400 Ansi lumens. In room lighting, however, the picture width should ideally be less than 135 cm. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. It is also Full HD 1080P and 4K (compressed) compatible.
