

ASK Proxima E1660

ASK PROXIMA E1660

The ASK Proxima E1660 LCD projector has 6600 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. Thanks to the brightness of 6600 Ansi lumens, a picture width of 707 cm is possible. The projector can also handle slightly brighter rooms with a smaller picture width (we recommend max. 471 cm). Even 1080P video signals are no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. The model built in 2012 is no longer offered by ASK Proxima.
