

ASK Proxima E1900

ASK PROXIMA E1900

Brief Introduction

Beta 2.5

A brief introduction to the E1900: The ASK Proxima Station LCD projector offers 6000 Ansi lumens, a contrast of 2000:1 and a WUXGA 1920 x 1200 resolution. The lamp life is specified by the manufacturer as 4000 hours, which converts to over 5.5 years at 2 hours per day. With the lens shift function, the projector can be positioned very freely. An image width of up to 787 cm is possible, if the image width is smaller (we recommend max. 525 cm), rooms with residual light are also no problem. The model is also Full HD 1080P compatible and even has the option of projecting HD 1080P Blu-rays onto the ceiling using 360° projection. This model is no longer offered by ASK Proxima.
