

Barco G62-W14 B/W

BARCO G62-W14 B/W

The Barco model G62-W14 B/W is a DLP laser projector with WUXGA 1920 x 1200 resolution and a contrast of 1200:1. The service life is 20000 hours due to the laser, which is over 13.7 years with a daily viewing time of 4 hours. 11500 Ansi lumens ensure that a picture width of 1090 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 727 cm. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. It is also compatible with Full HD 1080P and 4K (compressed) as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector.
