

Barco PGWX-61B

BARCO PGWX-61B

A brief introduction to the PGWX-61B: The Barco stationary 3D DLP projector offers 6200 Ansi lumens, a contrast of 4000:1 and a WXGA 1280 x 800 resolution. The integrated lens shift provides freedom when positioning the projector. An image width of up to 800 cm is possible as the projector has 6200 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 533 cm. Playing 1080P and 3D is also no problem for the projector. The model was built by Barco in 2013 and is no longer current.
