

# Benq LH655

BENQ LH655

The BenQ LH655 laser DLP projector has 4,000 ANSI lumens, a contrast ratio of 3,000,000:1, and an HDTV resolution of 1920 x 1080. Thanks to its laser technology, the projector has a rated lamp life of 20,000 hours?which, at four hours of use per day, equates to over 13.7 years. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of space in the room. An image width of up to 643 cm is possible; if the image width is smaller (we recommend a maximum of 429 cm), even rooms with ambient light are no problem. Since the projector optionally supports AirPlay and Miracast screen mirroring, it's possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Furthermore, it is Full HD 1080p compatible.
