

Benq MW851UST

BENQ MW851UST

With the MW851UST, manufacturer Benq offers a short-throw DLP projector with WXGA 1280 x 800 resolution and a contrast of 13000:1. Thanks to the short-throw projection ratio of just 0.45:1, the projector is also not distracting in the room. For a 2m wide image, the projector only needs to be 90 cm away from the screen. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training sessions. It is also Full HD 1080P compatible. It was launched in 2011 and is no longer offered by the manufacturer Benq, but is still a popular projector in our database.
