

Benq MX768

BENQ MX768

With the MX768, manufacturer Benq offers a standard portable DLP projector with XGA 1024 x 768 resolution and a contrast of 13000:1. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 4000 Ansi lumens ensure that a picture width of 551 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 367 cm. The model is also Full HD 1080P and 3D compatible. The model built in 2014 is no longer offered by Benq.

Brief Introduction

Display Type

1 x DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen

4000

1333 Lux (bei 200 cm Screen)
