The standard portable SW921 3D DLP projector from Benq has 5000 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. With the lens shift function, the projector can be positioned very freely. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). The model is also Full HD 1080P and 3D compatible. The model was built by Benq in 2015 and is no longer current.
