

Benq TK715i

BENQ TK715i

Brief Introduction

Beta 2.5

The BenQ TK715i DLP projector has 3,200 ANSI lumens, a contrast ratio of 1,000,000:1, and a UHD (4K2K) resolution of 3,840 x 2,160. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the image. The projector can effectively illuminate an image width of up to 493 cm. However, if there is ambient light in the room, the image width should ideally not exceed 329 cm. Thanks to Google TV, the projector can be conveniently controlled via voice commands. The projector supports AirPlay and Miracast screen mirroring, which allows for the direct playback of high-resolution videos and surround sound via Wi-Fi from smartphones, tablets, and PCs running Android, Windows, or iOS. In addition, thanks to its Bluetooth functionality, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080p and 4K. With an operating noise level of just 26 decibels, the projector runs quietly.

Display Type

1 x 0,47" SST DMD DLP Chip
HDTV 4/3 Ti Digital Light Processing Chip

Ansi-Lumen

3200

Contrast

1000000:1 full on/off

Black Level Offset

0,0032 min. Lumen

Resolution

UHD (4K2K) 3840 x 2160
8.294.400 Pixel / FHD E-Shift

Video Modes
