

Blitzwolf BW-V6

EAN/UPC:5999571645565

BLITZWOLF BW-V6

The Blitzwolf BW-V6 LED LCD projector has 450 Ansi-Lumen, a contrast of 1000:1 and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 50,000 hours, which is over 34.2 years with a daily viewing time of 4 hours. The integrated media player can play files directly. A picture width of up to 216 cm is possible. However, the picture should be smaller in room light. We recommend max. 144 cm. The projector has Airplay, Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Even 1080P video signals are no problem for the projector. The projector was launched in 2023 and is no longer sold by the manufacturer.
