The Brilens model S800 is an LCD projector with WVGA 800 x 480 resolution and a contrast of 1500:1. As Brilens specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate a picture width of 111 cm well. If room light is available, however, the image width should ideally not exceed 74 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. Playing 1080P is also no problem for the projector.

Projector	LCD TFT Panel	Screen
	WVGA 16/9 Liquid Crystal Display	
	120 / 2000 Lumen	53 Lux (bei 200 cm Screen)
	1500:1	1500:1
	0,0800 min. Lumen	0,035 min. Lumen
