

Brilens TL-1920

BRILENS TL-1920

The Brilens TL-1920 3D LED LCD projector has 300 Ansi lumens, a contrast of 100000:1 and a WXGA 1280 x 768 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. As Brilens specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 300 Ansi lumens ensure that a picture width of 176 cm is also possible. However, if there is room light, the picture should be a maximum of 117 cm wide. Playing 1080P is also no problem for the projector. The projector was launched in 2015 and is no longer sold by the manufacturer.
