

Brookstone 801143P

BROOKSTONE 801143P

With the 801143P, manufacturer Brookstone offers a DLP LED projector with WVGA 854 x 480 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. 85 Ansi lumens ensure that a picture width of 94 cm is also possible. However, if room light is available, the picture should be a maximum of 63 cm wide. Even 1080P video signals are no problem for the projector. It was launched in 2012 and is no longer offered by the manufacturer Brookstone.
