

Canon LV-WU360

CANON LV-WU360

A brief introduction to the Canon LV-WU360. The standard portable LCD projector has a WUXGA 1920 x 1200 resolution and a contrast of 15000:1. The lamp life is up to 10,000 hours, which converts to over 13.7 years at 2 hours per day. The integrated media player allows files to be played directly. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the brightness of 3600 Ansi lumens, a picture width of 610 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 407 cm). Even 1080P video signals are no problem for the projector. On the market since 2019, the model is no longer offered by the manufacturer Canon.

 3 x 0,64" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector	3600	Screen	1600 Lux (bei 200 cm Screen)
