

CASIRIS A6

CASIRIS A6

The CASIRIS A6 short-throw 3D DLP projector has 2200 Ansi lumens and an HDTV 1920 x 1080 resolution. With a projection ratio of just 0.25:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 50 cm away from the screen. As the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P and 4K (compressed) compatible. The operating noise of just 28 decibels makes the projection quiet.

1 x 0,47" DMD DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
