

Cheerlux C50

CHEERLUX C50

The Cheerlux C50 3D LED LCD projector has 435 ANSI lumens, a contrast ratio of 2500:1, and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 50,000 hours, which would amount to over 34.2 years based on 4 hours of daily use. Since Cheerlux specifies the projector's brightness in lumens, we have calculated an approximate ANSI lumen value in this case. Playing 1080p content is also no problem for the projector.
