The AC201 LED LCD projector from CiBest has 300 ANSI lumens, a contrast ratio of 10,000:1, and HDTV 1280 x 720 resolution. It is an LED projector with a light life of 50,000 hours, which equates to over 34.2 years at 4 hours per day. It includes an integrated media player that allows files to be played directly. The horizontal and vertical keystone correction allows the projector to be set up very freely. An image width of up to 176 cm is possible, as the projector has 300 ANSI lumens. However, if there is room lighting, the image should be no more than 117 cm wide. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P without any problems. Compared to others, the projector is very quiet with an operating noise of 29 decibels.
