

ClokoWe T08

CLOKOWE T08

Brief Introduction

Beta 2.5

With the T08, manufacturer ClokoWe offers a game-portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 144 cm is possible as the projector has 200 Ansi lumens. However, if there is room light, the picture should be a maximum of 96 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. The model is also Full HD 1080P and 4K (compressed) compatible. The projector is very quiet compared to others with an operating noise of 25 decibels.
