

DreamVision DreamBee 2

DREAMVISION DREAMBEE 2

With the DreamBee 2, manufacturer DreamVision offers a high-end home cinema DILA projector with HDTV 1920 x 1080 resolution and a contrast of 30000:1. With the lens shift function, the projector can be positioned very freely. The projector will be able to illuminate a picture width of 321 cm well. However, if there is room light, the picture width should ideally not exceed 214 cm. It is also Full HD 1080P compatible. With only 21 decibels of operating noise, the model is already very quiet compared to others. The model built in 2008 is no longer offered by DreamVision.
