DREAMVISION EOS 2-L

The DreamVision Eos 2-L 3D LCOS projector has 1900 Ansi lumens, a contrast of 90000:1 and a UHD (4K+2K) 4096 x 2160 resolution. The lamp life is specified by the manufacturer as 4500 hours, which is over 6.2 years with a daily viewing time of 2 hours. The built-in lens shift function provides freedom when setting up. The projector can illuminate an image width of up to 443 cm thanks to its 1900 Ansi lumens. In room light, however, the picture width should ideally be less than 295 cm. Furthermore, it is Full HD 1080P and 4K as well as 3D compatible, meaning that all Blu-ray formats currently available can be recognized by the projector. It was launched in 2019 and is no longer offered by the manufacturer DreamVision.
