

Dukane ImagePro 6536A

DUKANE IMAGEPRO 6536A

The standard portable Dukane ImagePro 6536A 3D BrilliantColor DLP projector has 3600 ANSI lumens, a contrast ratio of 10000:1, and an XGA 1024 x 768 resolution. The projector is equipped with an integrated media player, so direct playback of files is no problem. A built-in horizontal and vertical keystone correction provides freedom when setting up the projector. Since the ImagePro 6536A is equipped with a microphone jack and 20W speaker, no additional audio equipment is required for presentations or training sessions. An image width of up to 523 cm is possible; if the image width is smaller (we recommend max. 349 cm), even rooms with residual light are no problem. The model is also Full HD 1080P and 3D compatible. The model was built by Dukane in 2014 and is no longer current.
