

Dukane ImagePro 8109W

DUKANE IMAGEPRO 8109W

The ImagePro 8109W LCD has 3000 Ansi lumens, a contrast of 4000:1 and a WXGA 1280 x 800 resolution. Includes an integrated media player that can be used to play files directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. This projector has a projection ratio of just 0.3:1. For a 2 m wide image, the projector only needs to be positioned 60 cm away from the screen. As the ImagePro 8109W is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. Furthermore, the projector can play 1080P without any problems. The model was built by Dukane in 2013 and is no longer current.

3 x 0,59" LCD TFT Panel
