

Dukane ImagePro 8970

DUKANE IMAGEPRO 8970

The ImagePro 8970 LCD has 5000 Ansi-Lumen, a contrast of 3000:1 and an XGA 1024 x 768 resolution. The projector also offers an integrated media player that can be used to play files directly. Thanks to the brightness of 5000 Ansi lumens, a picture width of 616 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 411 cm). Playing 1080P is also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. The model built in 2012 is no longer offered by Dukane.
