

Dxyiitoo 201s

EAN/UPC:B093Q2V436

DXYIITOO 201S

A brief introduction to the Dxyiitoo 201s. This LCD LED projector has an HDTV resolution of 1920 x 1080 and a contrast ratio of 8000:1. Thanks to the LEDs, the projector has a lamp life of up to 60,000 hours ? which, at four hours? use per day, equates to over 41.1 years. Thanks to the horizontal and vertical keystone correction, the projector can be positioned with great flexibility. An image width of up to 223 cm is possible, as the projector has 400 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 149 cm wide. As the projector recognises AirPlay, Miracast and screen mirroring signals, it is possible to stream high-resolution videos and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) play high-resolution videos with surround sound directly via Wi-Fi. Furthermore, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. Even 1080p video signals are no problem for the projector.
