

ELEPHAS BL128+

ELEPHAS BL128+

The ELEPHAS BL128+ micro-portable LED LCD projector has 800 ANSI lumens, a contrast ratio of 10000:1 and an HDTV 1920 x 1080 resolution. The LEDs give the projector a light lifespan of up to 60,000 hours, which would be over 41.1 years with a daily viewing time of 4 hours. The integrated media player allows you to play files directly. At 287 cm image width, the projector will be able to illuminate well. However, if room light is available, the image width should not exceed 191 cm. Since the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra to be mentioned is that the projector can be connected to external wireless speakers via Bluetooth. Video signals 1080P are also no problem for the projector.

Brief Introduction

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

800

356 Lux (bei 200 cm Screen)
