

ELEPHAS K350

ELEPHAS K350

Brief Introduction

Beta 2.5

The ELEPHAS K350 LED LCD projector has 1000 ANSI lumens, a contrast ratio of 1000:1, and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which would be equivalent to over 20.5 years at 4 hours per day. An image width of up to 321 cm is possible because the projector has 1000 ANSI lumens. However, if there is room lighting, the image should be no more than 214 cm wide. Thanks to Google TV, the projector can be conveniently controlled by voice command. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
