

ELEPHAS Mini Projector

ELEPHAS MINI PROJECTOR

Brief introduction to the ELEPHAS Mini Projector. The DLP LED projector has an HDTV 1920 x 1080 resolution and 500 ANSI lumens. Manufacturer ELEPHAS specifies a service life of 30,000 hours, which is over 20.5 years if you enjoy four hours of viewing per day. The brightness of 500 ANSI lumens allows for an image width of 227 cm. In room lighting, the image should be a maximum of 151 cm wide. The built-in 7000mAh battery means that no power supply is required, allowing the projector to be set up quickly and flexibly. As the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. The projector can also play 1080P and 4K (compressed) content without any problems.

1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Brief Introduction

Beta 2.5

Display Type

Ansi-Lumen
