ELEPHAS Roku TV Smart Projector

Brief Introduction Beta 2.5	The Roku TV Smart Projector LED LCD portable gaming projector has 150 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1920 x 720. Thanks to its LEDs, the projector has a light source lifespan of up to 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. The projector can effectively illuminate a screen width of 124 cm. However, if there is ambient light in the room, the image width should ideally not exceed 83 cm. The model supports Chromecast, AirPlay, and Miracast screen mirroring, making it possible to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another notable feature is that the projector?s Bluetooth function allows it to connect to external wireless speakers. It is also Full HD 1080p compatible.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Projector Ansi-Lumen	150
