The Epson EB 1751 LCD projector has 2600 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The lamp life is up to 4000 hours, which is over 5.5 years if enjoyed for two hours a day. Includes an integrated media player that can be used to play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 2600 Ansi lumens ensure that a picture width of 444 cm is also possible. However, if room light is available, the picture should be a maximum of 296 cm wide. The model is also Full HD 1080P compatible. It was launched in 2012 and is no longer offered by the manufacturer Epson, but is still a popular projector in our database.
