

Epson EB 935W

EPSON EB 935W

The EB 935W LCD projector from Epson has 3700 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training sessions. Thanks to the brightness of 3700 Ansi lumens, a picture width of 618 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 412 cm). Playing 1080P is also no problem for the projector. It was launched in 2013 and is no longer offered by the manufacturer Epson.
