

# Epson EB-L200F

EPSON EB-L200F

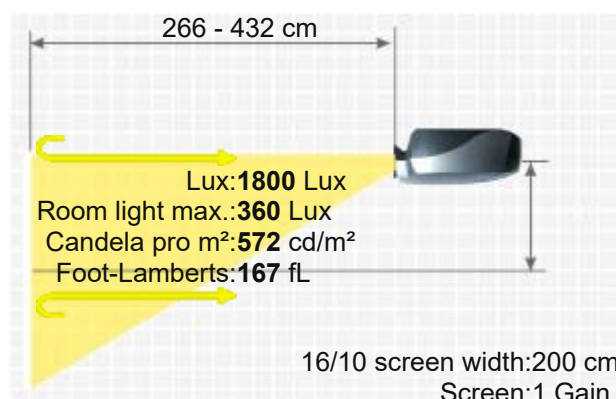

The Epson EB-L200F laser LCD projector has 4500 Ansi lumens, a contrast of 2500000:1 and a WXGA 1280 x 800 resolution. The service life is 20000 hours due to the laser, which is over 13.7 years with a daily viewing time of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Horizontal and vertical keystone correction makes setting up the image childs play. 4500 Ansi lumens ensure that a picture width of 682 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 455 cm. The projector has Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. The projector can also play 1080P and 4K (compressed) without any problems. It was launched in 2022 and is no longer offered by the manufacturer Epson, but is still very popular in our projector database.

3 x 0,62" LCD Panel mit C2 Fine  
WXGA 16/10 Liquid Crystal Display

## Brief Introduction

Beta 2.5

Display Type	Projector	4500	1800 Lux (bei 200 cm Screen)
