

Epson EH LS10500

EPSON EH LS10500

With the EH LS10500, manufacturer Epson offers an LCD laser projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 10000000:1. The manufacturer Epson specifies a service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. Including a lens shift and keystone correction function, which provides freedom during installation. The projector can illuminate an image width of up to 393 cm thanks to its 1500 Ansi lumens. In room lighting, however, the picture width should ideally be less than 262 cm. Playback of 1080P and 4K as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector. At just 28 decibels, the device is one of the quieter projectors. The projector was launched in 2016 and is no longer sold by the manufacturer, but is still very popular in our projector database.
