

Epson USA PowerLite 435W

EPSON USA POWERLITE 435W

Brief Introduction

Beta 2.5

The short-throw PowerLite 435W LCD projector from Epson USA has 3000 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years if enjoyed for two hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. Thanks to the short-throw projection ratio of just 0.48:1, the projector is also not distracting in the room. For a 2m wide image, the projector needs to be just 96 cm away from the screen. As the PowerLite 435W is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training sessions. Playing 1080P is also no problem for the projector. The projector was launched in 2011 and is no longer sold by the manufacturer.
