

Epson USA PowerLite Pro G6470WU / NL

EPSON USA POWERLITE PRO G64

Brief Introduction

Beta 2.5

A brief introduction to the Epson USA PowerLite Pro G6470WU / NL. The stationary LCD projector has a WUXGA 1920 x 1200 resolution and a contrast of 5000:1. The integrated media player can play files directly. The projector also offers a lens shift function that makes image adjustment childs play. Thanks to the brightness of 4500 Ansi lumens, a picture width of 682 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 455 cm). Furthermore, the projector can play 1080P without any problems. Even projection onto the ceiling is possible thanks to the 360° projection. The projector was launched in 2015 and is no longer sold by the manufacturer.

Display Type

3 x 0,76" LCD TFT Panel
