

Epson USA EpiqVision Ultra LS800B

EPSON USA EPIQVISION ULTRA L

The Epson USA model EpiqVision Ultra LS800B is an LCD laser projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 2500000:1. Due to the laser, the service life is 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 32 cm away from the screen. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. Video signals 1080P and 4K are also no problem for the projector. This model is no longer offered by Epson USA.

3 x 0,62" RGB LCD
